### Each book contains

- Over 2,00 art pieces
- 73 big pages
- Costs less than 2 cents a picture

Here is an easy way to have professional art work on your Church Bulletins, Newsletters, or posters. Seventy-three pages of excellent art work, arranged by subject and produced with the church secretary or pastor in mind. There are over 2,000 different pictures, cartoons, scenes, headings, and attention-getters designed especially for churches and religious organizations.

Some of the art work has been used in the Cathedral Art Die-Cut Stencil Service, but many of them are new pieces of original art work, all of which are produced by our Cathedral Press artist, Chuck McMurray.

These designs may be used for paste-up layouts and electronic stencils, or they can be traced onto your regular mimeograph stencils.

The Clip-Art Books are plastic-ring bound so that the pages can be removed. Each page is 8½" x 11" in size. Order your copies today!
