

## Plastic Disposable Communion Cups

The ideal solution for churches who want the dignity and beauty of glass and the convenience of a disposable cup.

### They look like glass...

Crystal clear plastic, as sparkingly beautiful as glass, and they will not discolor.

### But they are quieter.

No clinking of glass against metal to distract from the reverence of the communion service.

### They're strong like glass...

Made of rigid, unbreakable plastic, these featherlight cups will not bend, buckle, or slip easily from the fingers.

### But they're disposable.

Use them once and throw them away. No washing.

The cups come packaged in an easily-handled, compact box which saves postage and storage space. A box of 1,000 disposable communion cups is only \$24.99 **plus shipping**.

Please send us \_\_\_\_\_ boxes (1,000 per box) of your disposable communion cups @ \$24.99 per box, **plus shipping**.

## Communion Bread & Wafers

Resealable containers keep contents fresh. Made from flour and water. One-year shelf life.

Please send us

\_\_\_\_\_ **communion bread** @ \$12.00 per 500, *plus shipping*.

\_\_\_\_\_ **communion wafers** @ \$22.00 per thousand, or \$12.00 per 500, *plus shipping*.
