## Cathedral Accessories for folding chairs

**Chair  
Feet**

Non-marring beige, non-skid plastic cushion feet for a safer, more secure floor contact. These are tightly secured over any 7/8" leg. Feet will not loosen under heavy usage but are easily replaceable when worn.

**\$1.00 each**

Above feet also available to fit chairs with legs of 5/8" and 3/4" diameter.

Please specify size when ordering.

Rubber feet available for **\$2.00** each.

Rear-leg caps feature a unique "V-Grip" design to assure proper alignment of frame during set-up and use – an important safety feature that helps prevent hazards of collapse.

**\$1.00 each**

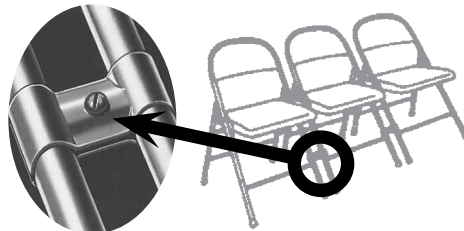

Available in Beige, Black or Grey

**Rear-  
Leg  
Caps**

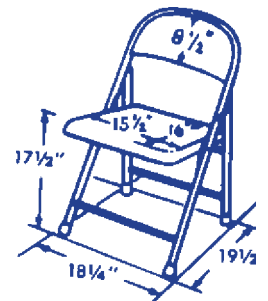

These chairs are "wall savers" because when opened, and rear feet are against the wall, the backrest remains inches away from wall, thus protecting wall from unsightly rub marks and bruises.

Chairs can be ganged together by four frame clamps for each three chairs. These are attached to front and rear legs as illustrated.

**Clamps are \$2.00 each**

The 700 series chairs are really large in seat size – yet take up a relatively small area of floor space, permit wider aisles.

## Folding Tables

### Standard Folding Tables Plastic Laminate Surfacing

- Low Prices
- High Quality

frame and rails. Tops are 3/4 inch thick with a high-pressure melamine laminate.
